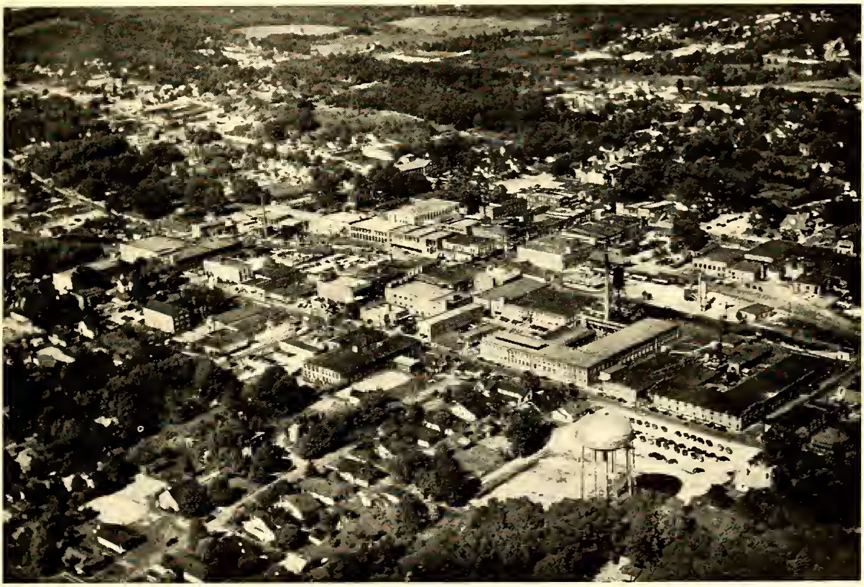
ASHEBORO CHAMBER OF COMMERCE



AIR VIEW OF BUSINESS AREA OF ASHEBORO

Halfway between the Atlantic beaches and the Great Smokies, in the heart of the agriculutrally rich and industrially thriving Piedmont section of North Carolina, Asheboro is the county seat of 800-square-mile Randolph County and is located nearly, if not exactly, in the geographical center of the state.

It is about 180 miles east of Asheville, and is approximately the same number of miles northwest of Wilmington. It is 26 miles south of Greensboro and 56 miles north of Pinehurst, the famous winter resort. The elevation of the city is 860 feet above sea level. The heart of the business district is on the highest level between two extensive watersheds, giving the city adequate drainage and freedom from floods. Streams on the eastern side of the city flow into Deep River and thence into the Cape Fear, while drainage on the western side of the city is into the Uwharrie River and thence into the Yadkin.

Asheboro's mean temperature, according to complete weather records kept over a period of 21 years, is 60.5 degrees. Zero temperatures are exceedingly rare and 100 degree temperatures have been recorded only a very few times at the Weather Bureau. Statistics over a long period of time give Asheboro a yearly average of 132 clear days, 115 partly cloudy days and 118 cloudy days.

Asheboro is located amidst a range of long-eroded and timber covered mountains, the Uwharrie Mountains, described by geologists as the weathered remnants of peaks which pre-dated the Great Smokies and in bygone ages rivalled the Alps in their grandeur. Although the small mountains surrounding Asheboro today are only several hundred feet high, they unfold a variety of beautiful scenery from every highway in the county.

POPULATION

Long known as the city that doubles its population every ten years, Asheboro's growth has far outstripped its city limits, which have not been extended in approximately 60 years. The 1940 Federal Census gave Asheboro a population of 6,981. With the expansion of many of its industrial plants and the steady construction of new industries, it is conservatively estimated that final reports from the 1950 Census will give Asheboro proper (Asheboro Township) a population of 13,900 and Greater Asheboro a population of 18,000. Randolph County's population is 50,804. (1951 City Directory 12,562)

ASHEBORO MUNICIPAL BUILDING

GOVERNMENT

Asheboro's non-partisan businesslike city government is directed by a Mayor and five City Commissioners elected every two years. Their policies are executed by a City Manager. Citizens are proud of their comparatively low tax rate of $1.40, and the progressiveness and financial soundness of their municipal administration.

MANUFACTURING CENTER

A busy industrial center whose annual pay-roll long since passed the twelve million dollar mark, Asheboro has a wide diversity of industries which include some of the largest hosiery mills in the state—both men and women, furniture plants manufacturing furniture for every room in the home, television tables, office desks and tables. Other huge industrial plants here include rayon and nylon weaving, as well as nylon throwing mills, one of the nation's leading flashlight battery plants, knitwear mills, flour mill, lumber plants, box manufacturers, excelsior plants, an overall manufacturing plant, chenille bedspread manufacturers, freezer locker plant and iron foundry. Many smaller industries include the making of lingerie, neckties, handkerchiefs, T-Shirts, concrete block products, men's underwear, brooms, auto batteries, mattresses, ice cream and milk processing, venetian blinds, braid and tape, plastic laminating and several outstanding printing plants.

Comparatively new plants at Asheboro includes a Textile Machine Works which serves a wide area of Piedmont Carolina and adjacent territory.

PUBLIC UTILITIES

Electricity for lighting and power is supplied to Asheboro by Carolina Power and Light Co., which has vastly expanded its capacity and facilities in the Asheboro area since World War II. The REA also serves Randolph County through the Randolph Electric Membership Corporation.

Asheboro's water supply is estimated by city officials to be ample for a city of ten times its population. For a number of years water has been pumped into the city from three lakes nearby. To supplement their supply, however, the city has in recent years constructed a huge dam across Back Creek about four miles west of here, impounding 1,453,000,000 gallons of water, estimated to be sufficient to serve a city of 80,000.

Treatment of Asheboro's water supply in a modern purification plant is handled in accordance with the latest methods under the care of an expert staff of technicians.

Asheboro's telephone service has recently been expanded by construction of additional long distance facilities and installation of the dial system. Central Telephone Co., which serves Asheboro and vicinity as well as many other cities, this year moved into a new and modern telephone exchange building offering facilities designed to accommodate Asheboro's continued growth.

Western Union's worldwide telegraph facilities are available through the local office in Asheboro.

Asheboro is served by two railroads—the High Point, Randleman, Asheboro and Southern Railway connecting with the Southern Railway's main line in High Point, and by the Norfolk and Southern Railway, connecting with the Norfolk & Southern's main line at Star and the main line of the Seaboard Air Line at Aberdeen.

An intensive schedule of bus transportation to the north, south, east and west is provided daily to Asheboro by several inter-state and local bus lines. Five U. S. and State highways converge in Asheboro, furnishing convenient routes in all directions. They include US 220, US 64, US 311, NC 49 and NC 902.

FINANCIAL FACILITIES

Asheboro has two well established banks, the Bank of Randolph and the First National Bank, with combined resources of $11,500,000. Randolph County Savings and Loan Association and Peoples Building and Loan Association, with resources totaling $4,200,000, finance much of Asheboro's steady construction activity.

EDUCATIONAL AND RELIGIOUS FACILITIES

Asheboro's accredited public school system offers extensive facilities for the education of both white and colored children. Asheboro's new high school building, built and equipped at a cost exceeding $750,000 including funds from a bond issue voted by the citizens, stands as a model among structures of its type in the nation. Asheboro has three elementary schools for white pupils and an elementary and high school for colored pupils, all of which have been considerably enlarged and re-equipped within the past few years.

With a state wide reputation as a center of religious activity, Asheboro has a proportionately large number of churches representing the following denominations: Baptist, Methodist, Presbyterian, Catholic, Congregational, Christian, Holiness, Friends, Protestant Episcopal, Evangelical and Reformed, Lutheran, Church of God and Wesleyan Methodist.

RECREATION AND SPORTS

Asheboro is an established center in the state and southeast for activities in several sports. Thousands of visitors come to Asheboro each year to attend the Kiwanis Club's Easter Monday Horse Show, which regularly brings entries from Maryland, Kentucky and Florida, and the Lions Club's annual State Semi-Pro Baseball Tournament.

A public nine-hole golf course is popular among residents of Asheboro and surrounding communities.

Directors of the Asheboro Country Club have completed a handsome clubhouse adjacent to a beautiful lake near US Highway No. 64 a few miles west of the city, and have plans to develop the first nine holes of a projected 18-hole club golf course.

McCrary Athletic Field and Lindley Athletic Field, two of the best lighted athletic fields in the state, are used for intensive baseball and football schedules. The city-sponsored softball league operates a summer schedule of night games under lights at the Memorial Park diamond.

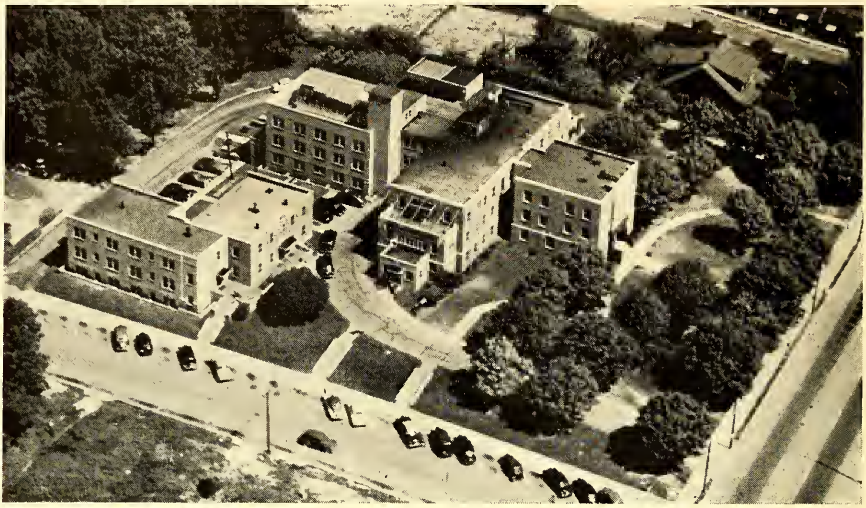
No finer building and facilities for industrial and community recreation can be found in the South than are afforded by the new building of the Acme-McCrary Employees Recreation Association. The splendid brick structure includes a huge gymnasium, equipped to seat 1,000 spectators, a glass-enclosed swimming pool for year-round use, bowling alleys, a cafeteria, a reading room, lounges, soda fountain and other accommodations. The McCrary Eagles basketball team annually brings a representative schedule of college and semi-professional teams to Asheboro during the winter season.

ASHEBORO MEMORIAL SWIMMING POOL

A popular feature of Asheboro's recreation program is the $150,000 Asheboro Memorial Foundation, Inc. The first facility to be developed on the Foundation's 12-acre tract in the city is a modern swimming pool, operated during the summer by the City Recreation Department.

A Teen Age Club building constructed by the Kiwanis Club is widely used for meetings of young people and for dinner meetings of civic organization. Both the American Legion and Veterans of Foreign Wars have their own buildings which are used in connection with civic activites.

Asheboro's cvic spirit is evident in its wide variety of clubs and fraternal organizations, all of which furnish opportunity for social and fraternal contacts which add to the joy of living in Asheboro.



AIRVIEW OF RANDOLPH COUNTY HOSPITAL

RANDOLPH HOSPITAL, INC.

Towering above green terraces and set amid flower gardens and trees in the heart of Asheboro, N. C., is Randolph Hospital, a 104-bed and 25-bassinet institution serving the 50,000 people of Randolph County.

A unique feature of the hospital is a solarium of violet-ray glass on top of the building, indirectly lighted through glass brick panels and furnished in resort type furniture — the only hospital solarium of its type in North Carolina.

This summer the third wing to the hospital, the McCrary Memorial Wing, was formally opened to the public, and in January of this year an entirely new X-ray department was opened, headed by a board radiologist and furnishing complete diagnostic and therapy facilities as well as radium therapy.

On June 18 Randolph Hospital School of Practical Nursing, fully approved by the North Carolina Board of Nursing Standardization, was opened. The school admits a class of 12 students each six months for a one-year course, preparing students to take the N. C. State Board examination for licensed practical nurses.

Adjacent to the hospital and constructed of the same cream brick and white limestone is a modern nurses' home housing 42 members of the staff.

Auxiliary services at Randolph Hospital include a crippled children's clinic, held one day each month and supervised by an orthopedic surgeon. This clinic is sponsored by the Asheboro Rotary Club and provides free services for crippled indigent children in the county. The hospital has a blood bank which is a branch of the American Red Cross Blood Center in Charlotte, and a corps of 125 Red Cross Grey Ladies, recruited from all over Randolph County, who come to the hospital each afternoon and evening to receive visitors, distribute mail, care for flowers and operate a bookmobile to the patient's bedside.

In 1950 Randolph Hospital discharged slightly more than 5,000 patients, including 649 newborn babies. A total of 2,451 operations were performed, including 1,013 majors and 1,438 minors. The medical staff includes 17 doctors on the active staff and five doctors on the courtesy staff.

COUNTY HIGH IN WEALTH

Randolph's 1950 Census population of 50,804 represented a substantial increase from the 1940 total of 44,554.

Although Randolph County is 26th among North Carolina's 100 counties in population, according to the 1950 Census, Randolph ranks only 13th from the top in total value of property listed for taxation.

Randolph has a total of $57,394,967 in listed taxable property, according to figures published by the University of North Carolina News Letter. Of the total 71 per cent is real property, 27.2 per cent is tangible personal property and 1.8 is public service property assessed by the state board.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers ,rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

WHEN YOU WANT TO KNOW:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Street Directory
—OF—
ASHEBORO, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. VI 1951-1952 VOL. VI

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

· (◎)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.
